Coast Guard

USC6-2004-19416-50

33 CFR Part 165

[CGD09-04-062]

RIN 1625-AA00

Safety Zone; Port Sanilac Fireworks, Lake Huron, Port Sanilac, MI

AGENCY: Coast Guard, DHS.

ACTION: Temporary Final Rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the waters of Lake Huron, near Port Sanilac, Michigan. This zone is intended to restrict vessels from a portion of the Lake Huron, during the Port Sanilac July 4, 2004 fireworks display. This temporary safety zone is necessary to protect spectators and vessels from the hazards associated with fireworks displays.

DATES: This rule is effective from 8:30 p.m. (local time) until 9:30 p.m. (local time) on July 4, 2004.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of the docket [CGD09-04-062]

- \$204 1951.01.9/115

and are available for inspection or copying at U.S. Coast Guard Marine Safety Office Detroit, 110 Mt. Elliott Ave., Detroit, MI 48207, between 8:00 a.m. (local time) and 4:00 p.m. (local time), Monday through Friday, except Federal Holidays.

FOR FURTHER INFORMATION CONTACT: ENS Lowry, U.S. Coast Guard Marine Safety Office Detroit, MI at (313) 568-9580.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. The permit application was not received in time to publish an NPRM followed by a final rule before the effective date. Under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying this rule would be contrary to the public interest of ensuring the safety of spectators and vessels during this event and immediate action is necessary to prevent possible loss of life or property. The Coast Guard has not received any complaints or negative comments previously with regard to this event.

Background and Purpose

This temporary safety zone is necessary to ensure the safety of vessels and spectators from hazards associated with a

fireworks display. Based on accidents that have occurred in other Captain of the Port zones, and the explosive hazards of fireworks, the Captain of the Port Detroit has determined fireworks launches in close proximity to watercraft pose significant risk to public safety and property. The likely combination of large numbers of recreation vessels, congested waterways, darkness punctuated by bright flashes of light, alcohol use, and debris falling into the water could easily result in serious injuries or fatalities. Establishing a safety zone to control vessel movement around the location of the launch platform will help ensure the safety of persons and property at these events and help minimize the associated risks.

Discussion of Rule

A temporary safety zone is necessary to ensure the safety of spectators and vessels during the setup, loading and launching of a fireworks display in conjunction with the Port Sanilac, Michigan fireworks display. The fireworks display will occur between 8:30 p.m. (local time) and 9:30 p.m. (local time) on July 4, 2004.

The safety zone for the fireworks will encompass all waters and the adjacent shoreline of Lake Huron, near Port Sanilac, Michigan, bounded by the arc of a circle with a three hundred-yard radius with its center in approximate position 43° 25' N, 082° 31' W (off the South Harbor breakwall, Lake Huron). All

geographic coordinates are North American Datum of 1983 (NAD 83). The Captain of the Port Detroit, or his designated onscene representative, has the authority to terminate the event.

All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated onscene representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Detroit or his designated on-scene representative. The Captain of the Port or his designated onscene representative may be contacted via VHF Channel 16.

Regulatory Evaluation

This proposed rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

This determination is based on the minimal time that vessels will be restricted from the zone and the zone is an area where the Coast Guard expects insignificant adverse impact to

mariners from the zones' activation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: the owners and operators of vessels intending to transit or anchor in portions of Lake Huron near Port Sanilac, Michigan, between 8:30 p.m. (local time) and 9:30 p.m. (local time) on July 4, 2004.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: this rule will be in effect for only one hour for one event. In the event that this temporary safety zone affects shipping, commercial vessels may request permission from the Captain of the Port Detroit to transit through the safety zone. The Coast Guard will give notice to the public via a

Broadcast to Mariners that the regulation is in effect.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory
Enforcement Fairness Act of 1996 (Public Law 104-121), we
offered to assist small entities in understanding the rule so
that they could better evaluate its effects on them and
participate in the rulemaking process. Small businesses may send
comments on the actions of Federal employees who enforce, or
otherwise determine compliance with, Federal regulations to the
Small Business and Agriculture Regulatory Enforcement Ombudsman
and the Regional Small Business Regulatory Fairness Boards. The
Ombudsman evaluates these actions annually and rates each
agency's responsiveness to small business. If you wish to
comment on actions by employees of the Coast Guard, call 1-888REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive
Order 13132, Federalism, if it has substantial direct effect on
State or local governments and would either preempt State law or
impose a substantial direct cost of compliance on them. We have
analyzed this rule under that Order and have determined that it

does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045,

Protection of Children from Environmental Health Risks and

Safety Risks. This rule is not an economically significant rule

and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive order 13211, Actions Concerning Regulations that Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act

(NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedure; and related management system practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction, from further environmental documentation. This rule fits the category from paragraph (34)(g) because it establishes a safety zone.

Under figure 2-1, paragraph (34)(g), of the Instruction, an

"Environmental Analysis Check List" and a "Categorical Exclusion Determination" are not required for this rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and record keeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165-REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191, 33 CFR 1.05-1(g), 6.04-1, 6.04-6, 160.5; Department of Homeland Security Delegation No. 0170.1

2. A new temporary section 165.T09-062 is added as follows:

§ 165.T09-062 Safety zone; Port Sanilac Fireworks, Lake Huron, Port Sanilac, MI.

(a) Location: The following area is a temporary safety zone: all waters and the adjacent shoreline of Lake Huron, near Port Sanilac, Michigan, bounded by the arc of a circle with a 300-yard radius with its center in approximate position 43° 25' N, 082° 31' W (off the South Harbor breakwall, Lake Huron). All geographic coordinates are North American Datum of 1983 (NAD 83).

- (b) Effective period. This regulation is effective from 8:30 p.m. (local) until 9:30 p.m. (local), on July 4, 2004. This zone will be enforced from 8:30 p.m. (local) until 9:30 p.m. (local), on July 4, 2004.
 - (c) Regulations.
- (1) In accordance with the general regulations in section 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Detroit, or his designated on-scene representative.
- (2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Detroit or his designated on-scene representative.
- (3) The "on-scene representative" of the Captain of the Port is any Coast Guard commissioned, warrant or petty officer who has been designated by the Captain of the Port to act on his behalf. The on-scene representative of the Captain of the Port will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Captain of the Port or his designated on-scene representative may be contacted via VHF Channel 16.
- (4) Vessel operators desiring to enter or operate within the safety zone shall contact the Captain of the Port Detroit or his on-scene representative to obtain permission to do so.

 Vessel operators given permission to enter or operate in the safety zone shall comply with all directions given to them by

the Captain of the Port Detroit or his on-scene representative.

DATED:

P.G. Gerrity

Commander, U.S. Coast Guard Captain of the Port Detroit
